**AGENDA: Kansas City Selected to Provide Event Production and  
Transportation for APCO International Conference**

**Mission, Kan. (February 18, 2008)** – The Association of Public-Safety Communication Officials (APCO) International has named AGENDA: Kansas City its event production and transportation provider for its 74th Annual Conference and Exhibition to be held August 3 through 7, 2008. The conference will be held at the Kansas City Convention Center and the Downtown Marriott will serve as the headquarters hotel.

During the conference, AGENDA: Kansas City will produce four events at various venues such as the Nelson-Atkins Museum of Art. The events range in size from 150 to 3,000 attendees, with the largest event being held at the Liberty Memorial. In addition to daily shuttle services, AGENDA: Kansas City will also operate a number of customized sightseeing tours while its sister company, AGENDA: USA, will provide all airport transfers via private sedan for speakers and VIPs.

The conference will bring in public safety officials from around the world and is expected to generate more than \$10 million for the Kansas City economy. Additional information about APCO International and the conference can be found at [www.APCO2008.org](http://www.APCO2008.org).

**AGENDA: Kansas City** is a full service Destination Management Company providing event production, tour and transportation services to organizations in the Kansas City metro area since 1989. Further information about the company can be found on its Web site, [www.AGENDA-KansasCity.com](http://www.AGENDA-KansasCity.com).

**About APCO International**

The Association of Public-Safety Communications Officials (APCO) International is the world's oldest and largest professional organization dedicated to the enhancement of public safety communications. APCO International serves the professional needs of its 15,000 members worldwide by creating a

platform for setting professional standards, addressing professional issues and providing education, products and services for people who manage, operate, maintain and supply the communications systems used by police, fire and emergency medical dispatch agencies throughout the world. For more information, visit [www.apcointl.org](http://www.apcointl.org).
